

Care for Elders Access Network

A collaboration of 14 organizations working to improve older adults' access to needed services.

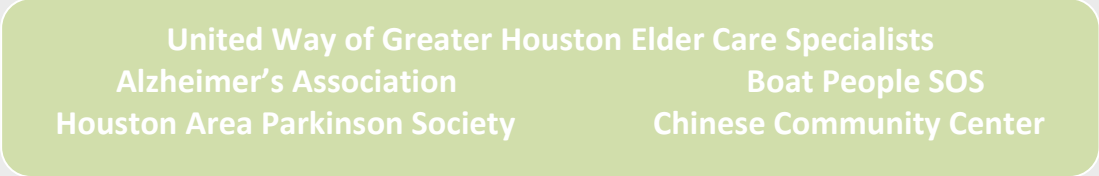

Information & Referral

Callers can reach a specialist 24 hours/7 days a week for community resources for older adults

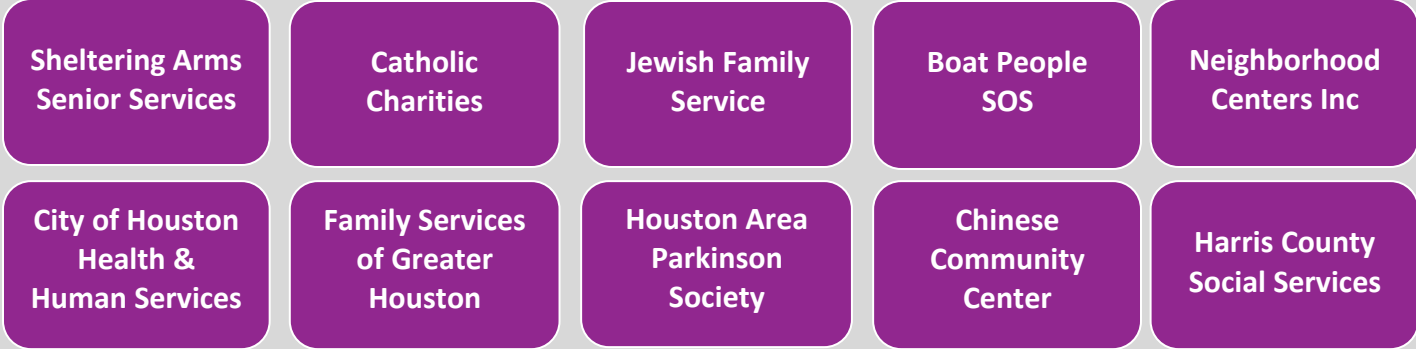

Enhanced Information & Referral

Older adults needing more help will receive telephone consultation about care options and services

Case Management

Older adults with multiple and complex needs receive comprehensive case management and care planning service in their home

Ways We Enhance Our Practice
